SUMMARY

Frontend Developer skilled in React, TypeScript, and modern UI development. Experienced in building responsive, accessible, and high-performance applications using React, Redux Toolkit, TailwindCSS, MUI, and REST APIs. Strong in state management, reusable components, performance optimization, and Git based cross team collaboration.

EXPERIENCE

Frontend Development Intern – PaaS Pay

June 2025 – September 2025

- Developed modular, reusable UI components using React, TypeScript, TailwindCSS, and Material UI.
- Implemented Redux Toolkit, Redux Saga and Context API for predictable and scalable state management across the application.
- Integrated REST APIs with async/await and TanStack Query for efficient data handling.
- Improved UI performance through memorization, debouncing, lazy loading, and code splitting.
- Collaborated with developers using Git branching workflows, pull requests, and Agile methodologies.

Freelance Web Developer

March 2024 – May 2024

- Developed fullstack web applications using Django and JavaScript.
- Optimized SQL queries and database schemas to improve response times and performance.
- Ensured cross browser compatibility, accessibility, and optimized loading performance.
- Built custom components and implemented dynamic frontend functionality.

PROJECTS

Advanced Dashboard | React, TypeScript, MUI, Redux, TanStack Query [🔗](#)

- Built a modular dashboard with reusable components, charts, graphs, Kanban board, and multi-step forms.
- Integrated APIs, implemented pagination, and optimized performance with React Hooks and debouncing.

Rock Bazaar – E-Commerce | Django, JavaScript, Khalti API [🔗](#)

- Developed a fullstack e-commerce platform with authentication, cart, and checkout system.
- Integrated Khalti Payment Gateway and designed scalable database models.

Tip Splitter Web App | React, TypeScript, TailwindCSS [🔗](#)

- Built a responsive bill-splitting app with real time calculations and custom tip options.
- Handled dynamic inputs and ensured a smooth, user friendly interface.

CineVerse | React, TypeScript, Material UI [🔗](#)

- Developed a movie and TV streaming web app with routing, search, and login/signup.
- Created an engaging and responsive UI for seamless user experience.

SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, React.js, TailwindCSS, Material UI, Redux, TanStack Query.

Backend: Python, Django, MySql

Software & Tools: Github, Figma, Linux, Vercel, Slack, Canva

Programming fundamentals: C, C++, Java, DSA, OOP

EDUCATION

Bachelor of Science in Computer Science and Information Technology (Bsc.CSIT)

Prime College (2022 – Running)

Relevant courses: C, OOP, Web Technology, DSA, .NET, Advanced Java.

CERTIFICATION

Data Structures and Algorithms (DSA) with C++ – Programiz

JavaScript Certification – Programiz

SQL Certification – Programiz
